

Redfern Waterloo Preliminary Masterplan

What makes local streets & open spaces work well?

WE WANT TO HEAR FROM YOU!

- What is it like to walk down the street in your neighbourhood?
- Do you have favourite streets or open spaces?
- Are there spots you avoid? What is it that you like or don't like?
- Are there places you tend to bump into friends?
- Do the streets connect well to get you where you need to go?

These are some of the questions we will be discussing to help inform the urban planners.

There are a number of ways we are trying to help people think about what makes streets and open spaces great, and to share their thoughts.

To join in you can:

- Invite our team to give a presentation and short workshop (30 minutes) to your local community group or some of your neighbours
- Join us for a Walk & Talk workshop to discuss streets and open spaces
